Korte toelichting bij Bijlage 3

Bijlage drie van het proefschrift bevat de grafische illustraties, tekeningen zowel als foto's, van een selectie van de bestudeerde *mobilia*. De *mobilia* worden zo veel mogelijk geïllustreerd in de volgorde zoals voorgesteld door Grinsell *et al.*¹ (d.w.z. op basis van de aard/oorsprong van de grondstof: eerst mineraal dan vegetaal en vervolgens dierlijk). De volgorde van de figuren is ook de volgorde van de bladzijden.

In de legende van de illustraties of bij de illustraties zelf wordt systematisch het individueel nummer van elk object gegeven waardoor de link met de bijlage 2 gemakkelijk kan worden gemaakt. Bij alle tekeningen wordt in de legende ook de schaal van de tekening vermeld, op een groot aantal foto's wordt de schaal weergegeven met een schaallatje.
